Firefighters stop fire from spreading through multiple businesses

[Lake Stevens, WA] – Snohomish Regional Fire & Rescue was dispatched at 10:15 am on Friday to a reported commercial structure fire at the 300 block of 91st Ave NE in Lake Stevens. Firefighters arrived on scene to find an active fire in one of the business in the strip mall. The fire was upgraded to a two-alarm fire due to the type of building.

Firefighters made access into the one business where there was active fire. Crews worked to contain the fire and keep it from spreading to additional businesses. Firefighters from Everett Fire, Snohomish Fire, Marysville Fire, and Getchell Fire assisted with extinguishing the fire.

No one was in the business when the fire was reported. There were no injuries.

The Snohomish County Fire Marshal's Office is investigating the cause of the fire and the amount of damage.

###

At the beginning of 2020, Lake Stevens Fire and Snohomish County Fire District 7 merged agencies and formed Snohomish Regional Fire & Rescue. The district serves over 162,000 people over 140 square miles and is dedicated to saving lives, protecting property, safeguarding the environment, and taking care of people in a fiscally responsible manner. Snohomish Regional Fire & Rescue serves the cities of Lake Stevens, Mill Creek, and Monroe along with the unincorporated areas surrounding these communities. In 2019, emergency personnel responded to more than 17,000 emergency calls. Through community support, Snohomish Regional Fire & Rescue has built an advanced emergency response system in Snohomish County with highly trained personnel and progressive rescue programs. We appreciate your support and are grateful for the opportunity to serve our community.
