Firefighters stop fire from spreading throughout home

[Bothell, WA] – At 10:15 pm firefighters were dispatched to a report of a residential structure fire at the 4600 block of 151st Place SE in Bothell. Units arrived on scene to find fire coming from the first and second floors of the single family home with fire extending into the attic.

The crews initial attack was from the outside of the home, then they worked inside to fully extinguish the fire. The fire significantly damaged the home, but firefighters were able to save some personal belongings.

Neighbors reported the fire. No one was home when the fire started and there were no injuries.

The Snohomish County Fire Marshal's Office is investigating what started the fire.

At the beginning of 2020, Lake Stevens Fire and Snohomish County Fire District 7 merged agencies and formed Snohomish Regional Fire & Rescue. The district serves over 162,000 people over 140 square miles and is dedicated to saving lives, protecting property, safeguarding the environment, and taking care of people in a fiscally responsible manner. Snohomish Regional Fire & Rescue serves the cities of Lake Stevens, Mill Creek, and Monroe along with the unincorporated areas surrounding these communities. In 2019, emergency personnel responded to more than 17,000 emergency calls. Through community support, Snohomish Regional Fire & Rescue has built an advanced emergency response system in Snohomish County with highly trained personnel and progressive rescue programs. We appreciate your support and are grateful for the opportunity to serve our community.
