

# RECREATIONAL FIRES MINIMUM LOT SIZE

**MINIMUM**

Typical minimum lot size required for Recreational Fires is 4,134sf

- 25' minimum setback from fire to property lines, structures, including fences, plus 3' diameter fire = 53' minimum
- 25' minimum setback from fire to property lines, structures, including fences, plus 3' diameter fire, plus house with minimum 20' dimension and 5' property line setback = 78' minimum
- $53' \times 78' = 4,134\text{sf}$
